

Facebook

Facebook is a social networking site. You can use it to socialize and communicate with your friends from anywhere in the world.

Presented by

With funding from

Facebook

1

Find the Facebook app

- Ask your adult learner to find the Facebook app. They can look for it on the device's home screen or in the app launcher.
- Ask your adult learner to tap on the Facebook app to open it
- If Facebook is not installed on the device, ask your adult learner to open the Google Play Store. They can search for "Facebook" and download the app.

2

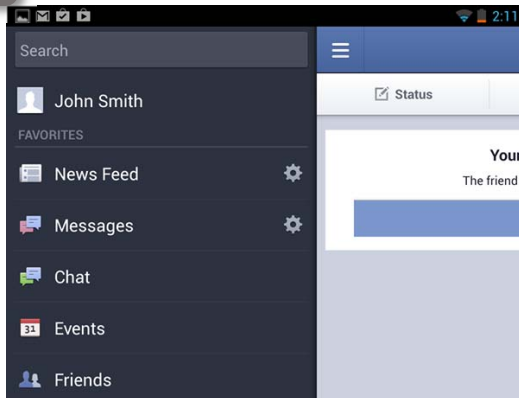

View your Facebook profile

- If your adult learner does not have a Facebook account, help them make one.
- If your adult learner has a Facebook account, have them sign in.
- Ask your adult learner to go to their profile. Show them how to upload a profile picture.
- Show them how to add photos or post a status

3

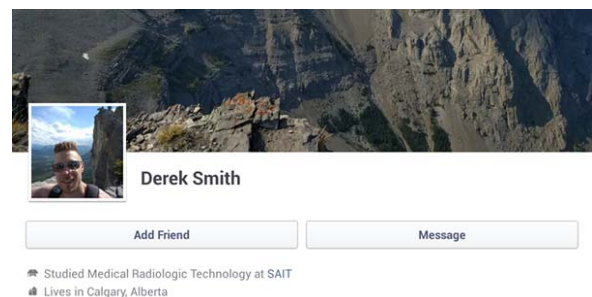

The Facebook menu

- Open the menu bar. Tell your adult learner about the different options there
- Show your adult learner the News Feed. Explain that it includes things like:
 - ↳ Posts by other Facebook friends
 - ↳ Upcoming birthdays of friends
 - ↳ News stories that people share
- Show your adult learner where the notifications are. Explain what they do.

4

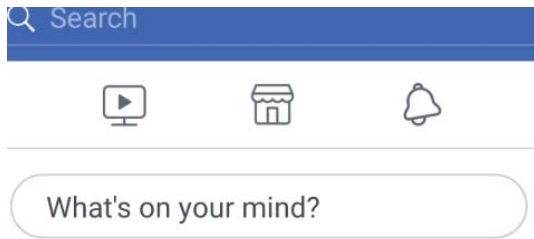

Adding friends

- Show your adult learner how to search for other people on Facebook
- Ask your adult learner to search for a family member or someone they have known for a long time
- Ask your adult learner to add that person as a friend on Facebook

5

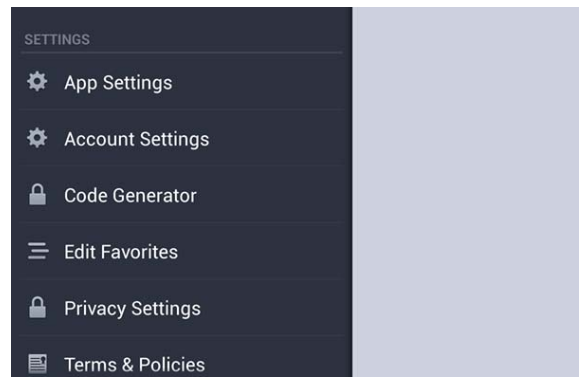

Write a Facebook post

- Show your adult learner how to add something to their News Feed
- Ask them to share something, such as what they are learning today. Explain to them that this message will be shared with their friends on Facebook.
- Show your adult learner how to make a post on a friend's Facebook profile

6

Privacy settings

- Show your adult learner the account settings and privacy settings
- Explain the importance of privacy settings. Show your adult learner how to make their account more secure.

****Even though you are helping the adult learner with privacy settings, make sure that they do not tell you their password.***
