Camera

1

Find the Camera app

- Ask your adult learner to find the Camera app. They can look for it on the device's home screen or in the app launcher.
- Ask your adult learner to tap on the Camera app to open it

3

Switch to video

- Show your adult learner how to switch from **camera mode** to **video mode**. Ask them to press the video icon on the screen
- Ask your adult learner to record a video with the front camera. In the video, they should say their name and what they just learned.

2

Take a picture

- Ask your adult learner to hold up the device and get ready to take a picture
- Show them where the button is to take a photo. Then tell them to tap the button.
- Some devices have cameras on the front and back. Show your adult learner how to switch between the two cameras.

4

Practice: take a selfie

- Ask your adult learner to go back to camera mode
- Ask your adult learner to take a selfie with someone in the classroom
