# Google Search

1

## Find the Chrome app

- Ask your adult learner to find the Chrome app. They can look for it on the home screen or in the app launcher.
- Ask your adult learner to tap on the Chrome app to open it

2

## Search for the weather

Google

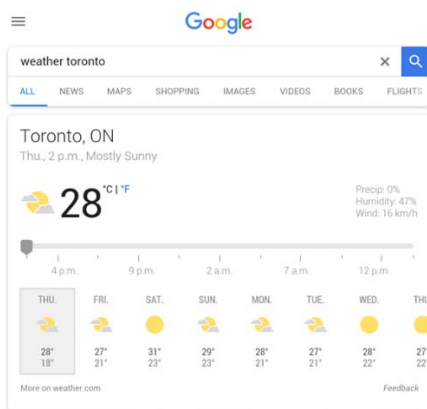

weather toronto |

weather toronto today

- Explain to your adult learner that they can search for many things on Google. For example, they can search for the weather in any city.
- Ask your adult learner to type **weather Toronto** in the search bar. Then ask them to tap the search button.

3

## View the search result

- Show your adult learner how to drag the slider to see the temperature for different hours of the day
- Show your adult learner how to see the weather for other days of the week by tapping on the different days

## Search for flight information

Google

flight ac 719

flight ac 719

ac 719 flight status

flightaware ac 719

- Ask your adult learner to make a new search. Explain that searching for a flight number will give them information about a flight. They can use this search to find out when a plane is leaving or if it has arrived.
- For practice, ask your adult learner to search **flight AC 719**
- Explain to your adult learner that "AC" stands for Air Canada
